A newsletter for Public Service Superannuation Plan Employers

#### **NEW!** PSSP Member Guide

The Public Service Superannuation Plan (PSSP) Member Guide offers important information and quick tips about the PSSP and retirement planning. It has been redesigned to help provide Plan members with a better understanding of the PSSP and how it will provide them with a lifetime pension benefit when they retire.

#### 2017 PSSP Review

A comprehensive review (Review) of the PSSP is now coming to completion. Amendments to the *Public Service Superannuation Act (Act)* received Royal Assent on April 18, 2018.

The Review was mandated by Section 47 of the *Act*. The Public Service Superannuation Plan Trustee Inc. (PSSPTI) commissioned the Review in late 2016. The process spanned more than two years.

The Review report set out 12 main recommendations for PSSPTI to consider, in response "to stakeholder concerns, changes in the Canadian pension landscape and to build on the Plan's success." The recommendations fell into the following primary areas:

- 1. benefits and eligibility, funding policy, and actuarial assumptions;
- 2. governance;
- 3. strategic considerations; and
- 4. plan text updates and 'housekeeping matters'

You can read the final Review report, a summary of steps taken, and more on our website at: www.nspssp.ca/publicservice/about/psspti-reviews/2017-pssp-review

PSSPTI would like to take this opportunity to thank all who participated in the Review and contributed to its success. The next PSSP Review under Section 47 of the *Act* will occur in 2022.

## **CPP Enhancements**

In 2016, the federal government introduced enhancements to the Canada Pension Plan (CPP). These include:

- A gradual 7-year contribution rate increase phase-in which will begin on January 1, 2019. This will consist of:
  - a 5-year contribution rate increase phase-in on income below the Year's Maximum Pensionable Earnings (YMPE) amount, followed by
  - a 2-year phase-in of further contributions on income between the YMPE and a new threshold called the Year's Additional Maximum Pensionable Earnings (YAMPE) amount.
- A gradual increase in CPP retirement benefits, such that the maximum income replacement amount will increase from the current 25% (approximate) of income up to the YMPE to 33.3% (approximate) of income up to the YAMPE.
- An increase to the Working Income Tax Benefit to help low-income earners.
- Tax deductibility for the enhanced portion of the employee CPP contribution

PSSPTI is conducting an analysis of the impact these CPP enhancements could have on PSSP members and employers. PSSPTI will provide an update of its analysis once it is completed.

For more information about these CPP enhancements, please contact Employment and Social Development Canada at 1-800-277-9914 or visit their website at: www.canada.ca/en/services/benefits/publicpensions/cpp.htm

# The PSSP membership is growing

In an effort to address the Plan's aging demographic challenges, PSSPTI developed a strategy to grow the PSSP membership. A key element of this PSSP membership growth strategy includes allowing new employers to join or transfer their existing pension plans into the PSSP.

Since it was first implemented in 2015, this membership growth initiative has to date expanded the PSSP membership by almost 1600 active members and 700 retirees.

Employers that have joined or transferred into the PSSP include: the Sherbrooke Village Restoration Commission; South Shore Public Libraries; Cape Breton University (partial); Acadia University; Université Sainte-Anne; University of King's College; Halifax Harbour Bridges and, most recently, Cape Breton Regional Municipality.

PSSPTI's guiding principles throughout these transfers have been that a transfer into the PSSP must be beneficial to the long-term sustainability of the PSSP and cost neutral to its existing members.

Growing the PSSP membership to promote long-term financial sustainability is a key strategic focus for PSSPTI. PSSPTI continues to pursue growth opportunities and is in discussions with several other employers.
